

## What not to put in the bin?

### Hazardous waste

Contaminated waste is to be collected separately: Batteries, rechargeable batteries, chemicals, poisons, electrical appliances (e.g. television set, toaster, PC, coffee percolator, vacuum cleaner, refrigerator, washing machine, electric cooker), energy-saving lamps, fluorescent tubes, varnish, solvent-based paints, spray cans with contents, solar power systems, night storage stove disposals, waste oils.

You can drop-off household quantities free of charge at:

- Problemmüllsammelstelle  
(Hazardous waste drop-off)

### TIP

Visit our homepage to check how to dispose of all types of waste by using the translation tool with more than twenty languages.

### Building rubble

Concrete, bricks, tiles, stones and ceramics can be handed in for a fee, with a maximum of 200 liters per day at the following locations:

- Wertstoffhof Süd
- Wertstoffhof Fort Hartmann

Excavation soil, gypsum boards (Rigips), Ytong, and mineral wool are accepted only if sorted by type.

→ Larger quantities of construction waste as well as asbestos-containing materials can be accepted by private disposal companies.
